

DAVA NALENDRA

Bandung, Indonesia | +6289657125045 | davanalendra2@gmail.com | <https://dava-nalendra-portofolio.vercel.app/>

SUMMARY

Entry-Level Front End Developer with hands-on experience building responsive web applications through personal and course-based projects. Skilled in HTML, CSS, and JavaScript, with a strong focus on clean UI, usability, and responsive design. Experienced in translating design and content requirements into functional, user-friendly interfaces. Highly motivated to grow and contribute to front-end development teams.

TECHNICAL SKILLS

- HTML5
 - CSS3
 - JavaScript
 - Responsive Web Design
 - Flexbox
 - CSS Grid
 - UI/UX Fundamentals
 - Git & Version Control
-

PROJECTS

Green Daydream - Drum Learning Platform Landing Page

- Developed a responsive landing page for an online drum learning platform featuring course catalog, instructor profiles, testimonials, and blog section.
- Built using HTML5, CSS3 (Flexbox & Grid), and JavaScript with modern UI layout and deployed via Vercel.
- Live: <https://course-drum.vercel.app/> | GitHub: <https://github.com/davanalendra0/Web-Education>

Mocking - Record Label & Studio Website

- Developed a responsive website for a music record label using HTML, CSS, and JavaScript to showcase artists, studio services, and booking information.
- Implemented interactive sections and a booking form interface to support client inquiries and studio reservations.
- Live: <https://label-music-dn.vercel.app/> | GitHub: <https://github.com/davanalendra0/Web-Music1>

Stellar Divide

- Developed a responsive band website using HTML, CSS, and JavaScript to present band members, music releases, and tour information.
- Implemented structured sections and interactive navigation to improve content organization and user experience.
- Live: <https://groupband-dn.vercel.app/> | GitHub: <https://github.com/davanalendra0/Web-Music2>

Pomodoro Timer

- Developed a productivity timer application using HTML, CSS, and JavaScript based on the Pomodoro technique.
- Implemented timer logic, state handling, and a responsive user interface to support focused work and break sessions.
- Live: <https://pomodoro-timer-dn.vercel.app/> | GitHub: <https://github.com/davanalendra0/Web-Pomodoro>

Personal Portfolio

- Designed and developed a personal portfolio website using HTML, CSS, and JavaScript to showcase front-end and creative projects.
 - Applied mobile-first and responsive design principles to ensure accessibility across different devices.
 - Live: <https://dava-nalendra-portofolio.vercel.app/> | GitHub: <https://github.com/davanalendra0/Portofolio-V2>
-

EDUCATION

Bachelor of Journalism Program

State Islamic University of Bandung
2021-2025

Social Science Program

Margahayu State Senior High School
2018-2021

EXPERIENCE

Student Association (Himpunan Mahasiswa) | 2024

- Designed promotional pamphlets using digital design tools to support organizational campaigns and improve visual communication across student audiences.
- Collaborated with team members to produce consistent visual materials aligned with campaign messaging and event promotion.

Community Service Program (KKN) | 2024

- Created and managed structured social media feed content to communicate information clearly and increase audience engagement.
- Edited short-form video content to support digital outreach and improve the visibility of community programs.

TVRI West Java (Internship) | 2024

- Edited news video content for broadcast using non-linear video editing workflows to ensure clear and engaging visual storytelling.
 - Wrote news scripts based on field reports to deliver accurate and structured information for television audiences.
-
